FITNESS

There's a reason top personal trainers, coaches and fitness professionals turn to 360 Athletics for their products selection. With hundreds of fitness tools and key brands such as COREFX, Concorde, BOSU and York Barbell, we've got everything needed to get you warmed up, worked out and stretched out. Our fitness tools and accessories are known for their outstanding quality and functionality.

To view our whole fitness collection, visit our website:
WWW.360ATHLETICS.COM

COREFX®

A woman with long, dark, straight hair is lying down, her head tilted back and eyes looking upwards. She is wearing a light-colored, long-sleeved athletic shirt. The background is dark and out of focus, showing some gym equipment like a weight plate and a red object. The lighting is soft, highlighting her face and hair.

Strength from within™

COREFX is more than fitness and training equipment. It is a statement. It is a commitment to the best. It is the ultimate solution that athletes are looking for to unleash their maximum potential and push to greatness. With cutting-edge product innovations and real-world field testing, the entire line of high-performance products are strategically designed to redefine peak performance and deliver the most complete line of strength and conditioning gear.

To bridge the gap between relentless training and pure athletic development, COREFX has developed new and advanced training methodologies to allow athletes to harness the full potential of the entire product line. To match athlete's unbridled dedication to training, we have forged this synergistic relationship between equipment and education. This is the true secret to fully realize your Strength From Within.

THE GOODLIFE CONNECTION

With over 300 locations across the country using COREFX, you can depend on this great brand of products!

STRENGTH

Push your limits!

SANDBAG

A revolutionary design that features upgraded stitching, military-inspired materials, six industrial handles and a tough-as-nails inner holding bag.

Includes four inner bags made of oxford cloth and have a secure velcro sealing system to prevent spilling. Each bag holds up to 10 LB.

Sand not included.

CFXSB

20 LB WEIGHTED VEST

The COREFX Pro Adjustable Weighted Vest has a unique design allowing for full range of motion. The adjustable weighted vest lets the user increase or decrease the weight on the vest by adding/removing individual weighted bars, 10 pockets providing a maximum weight of 20 lb.

CFXPWV20

40 LB WEIGHTED VEST

The unique design lets the user increase or decrease the weight on the vest by adding or removing individual 2.2 lb. weighted bars. 18 pockets provides a maximum weight of 40 lb. Ergonomic military-style design for performance and comfort.

PWV40

ADJUSTABLE ANKLE WEIGHTS

This pair of wearable weights can be used on the ankles or wrists to add up to 5 LB to any workout! Each ankle weight provides a comfortable padded fit with an adjustable non-slip velcro strap.

CFXAW

1. CERAKOTE BARBELL

Made for commercial use but perfect to upgrade your home gym! The cerakote (ceramic and polymer) coating offers military grade protection against corrosion and rust in all types of conditions.

Finish: Cerakote

Shaft Diameter: 28 mm

Knurl: 1.2 mm

Weight: 20 kg

Max Loading Weight: 1500 lbs

CFXMCBAR20

2. CHROME BARBELL

The original standard olympic barbell designed for multi-purpose use. Made of high carbon steel with knurling cut into and coated by chrome, it strikes the right balance between grip and comfort on your hands

Finish: Chrome

Shaft Diameter: 28.5 mm

Knurl: Multi

Weight: 20 kg

Max Loading Weight: 1500 lbs

CFXMXBAR20

3. OLYMPIC EZ CURL BAR

With angled knurled grips, steel construction and a sleek finish, the curled shaft of the EZ Curl Bar makes it easy for anyone from beginners to experienced athletes level up their workout.

Finish: Chrome

Shaft Diameter: 28.5 mm

Knurl: Medium

Weight: 22.3 lbs

Max Loading Weight: 300 lbs

CFXCURLBAR

BARBELL PAD

The Barbell Pad was designed to provide extra comfort and support during squats and hip thrusts. The high-density foam is anti-slip and reduces the risk of injury while relieving pressure.

CFXBARPAD

LANDMINE HANDLE

A training accessory that can be used in conjunction with the Landmine Post and works with almost any Olympic bar. The 1.25" handle and 3.25" contoured ball is great for grip-strength style training and allows for various single and double hand grips. The Landmine weighs 7.10 lbs, and is easy to lock-down for added safety, 23.25" L x 3.25" W.

CFXLMH

LANDMINE POST

7-gauge steel, 11-inch bar insert sleeve that will fit the majority of standard Olympic bars. This sleeve is designed to pivot 360 degrees in a fluid motion. The COREFX Landmine Post weight capacity is 315 lbs. Features a base post length is 7.25", and sleeve length 11.5".

CFXLMP

BARBELL COLLARS

A replacement to your traditional barbell clips, these alloy collars fit most standard barbells. With a rubberized lining and an easy lock and release design, you can quickly change your plates on your barbell in no time and get those gains.

CFXCOLLAR

**SIMPLE, PORTABLE SOLUTIONS
FOR INCREASING EXPLOSIVENESS
AND RANGE OF MOTION.**

Use a pair of bumper plates or 45-pound metal plates for mounting your landmine post!

1. LAT PULL WIDE OUTSIDE HANDLE

Enhance your back workouts with our widest lat pull gym attachment.

Size: 32.6" x 6.5"

Weight: 8 LB

CFXMAGGRIPA

2. LAT PULL MIDDLE GRIP HANDLE

Engineered for control and muscle targeting.

Size: 24" x 7.2"

Weight: 5.4 LB

CFXMAGGRIPB

3. LAT PULL MIDDLE OUTSIDE HANDLE

Crafted for precise and powerful lat pull workouts.

Size: 22.8" x 6.5"

Weight: 5.1 LB

CFXMAGGRIPC

4. BICEPS PULL UP HANDLE

Optimized handle for enhanced biceps activation during pull-ups.

Size: 14.1" x 5.5"

Weight: 6.3 LB

CFXMAGGRIPF

GYM CABLE ATTACHMENTS

The ultimate addition to your home or commercial gym setup, our selection of gym cable attachments are made of solid steel with a durable neoprene-coated grip to ensure a firm, secure and comfortable hold, even during intense training sessions. Each attachment includes a carabiner that seamlessly integrates with most cable machines and pulley systems.

5. TRICEPS PUSHDOWN HANDLE

Specially designed for maximizing triceps engagement during pushdown exercises.

Size: 14.2" x 5.5"

Weight: 6.3 LB

CFXMAGGRIPP

6. TRICEPS WIDE PUSHDOWN HANDLE

Designed for expansive range and maximum muscle activation.

Size: 15.7" x 5.5"

Weight: 7 LB

CFXMAGGRIPH

7. UNDERHAND GRIP LAT PULL HANDLE

Keeps elbows close to body with an underhand grip for effective lower lat exercises.

Size: 12.3" x 5.9"

Weight: 4.4 LB

CFXMAGGRIPJ

8. LAT PULL NARROW HANDLE

Designed for targeted lat engagement with a narrow, ergonomic grip.

Size: 12.3" x 7"

Weight: 4.6 LB

CFXMAGGRIPD

ANKLE CUFF

The 3" wide Ankle Cuff features two durable D-rings that can connect with universal gym cables. This cuff provides extreme comfort with synthetic shearling pad lining and reinforced stitching.

CFXAC

SUSPENSION TRAINER

Get full-body workouts in anywhere, anytime! The Suspension Trainer allows you to use your own body weight as a means of resistance. It is easily adjustable from 58"-72" and features an integrated door anchor, 35.5" extension strap with clip and TPE rubber handles.

CFXST

POWER SYSTEM

Features one adjustable harness with padded shoulder straps, an 8.3' dual sled strap with heavy duty carabiners with two d-ring soft-grip pull handles. There are endless training possibilities as you can customize your workout with the option to use the padded harness or soft-grip handles.

CFXHPS

- Adjustable harness
- 8.3' dual-sled strap
- 2 d-ring soft grip handles

PUSH SLED

Our sled is made to out last even the most rigorous workouts. Constructed of heavy duty 7 gauge and 11 gauge steel, includes plastic ski attachments to help protect the floors and allow for better movements on grass, turf, concrete or asphalt.

CFXPSLED

X-BARROW

Designed for lift-and-carry exercises that mimic strongman-style carries and real-life functional movement patterns. With the ability to load weight plates on each side, easily customize resistance to match any strength level. Ideal for building total-body strength, endurance, and grip power.

CFXBARROW

POWER ROPE

This 50-foot (15m) durable rope easily attaches to most push sleds, letting you perform high-resistance pull exercises that activate your core, back, arms, and grip. Features red markers every 3 meters for tracking distance and progress. Ideal for strength, conditioning, and athletic training.

CFXPROPE

CARDIO

Sweat it.
